

Supports and Maintains Healthy Eyes

Scientifically Proven Formula

Eye Pro MD® provides your eyes with a potent array of carotenoids, including Zanthin® Natural Astaxanthin, Lutein and Zeaxanthin, all three of which have been shown to cross the blood-retina barrier. These carotenoids reduce oxidative stress to the retina and macular cells, thus protecting the eyes.

It contains Zanthin® Natural Astaxanthin, proven to be a component of the top-selling eye healthcare product clinically tested under the CARMIS study (Carotenoid in Age-Related Maculopathy Italian Study) plus Lutein and Zeaxanthin.

The CARMIS* Study

The primary objective of this leading European study was to evaluate the influence of carotenoid and antioxidant supplementation on retinal function in non-advanced age-related macular degeneration (AMD) over a period of two years.

* CARMIS (Carotenoids in Age-Related Maculopathy Italian Study): Two Year Results of a Randomized Study, Copyright 2011, Wichtig Editore, ISSN 1120-6721

XanMax® is a trademark of Katra Phytochem

Key Features

- ✓ Powerful Carotenoid & Omega-3 Delivery System
- ✓ Contains ALA Omega-3
- ✓ Science-based, natural ingredients
 - Zanthin® Natural Astaxanthin
 - XanMax® Lutein + Zeaxanthin
 - Verilla™ Perilla Seed Extract Omega-3 ALA
- ✓ Zinc-Free Formula
- ✓ Maintains Eye Health
