

Go Easy™

A Natural Approach for Healthy Bowel Movements

Every Day Regularity Support

Go Easy® supports overall regularity of bowel movements and relieves symptoms of constipation by providing your body with patented plant-based microspheres that facilitate in healthy and regular elimination. Unlike most laxatives, Go Easy® is extremely gentle, safe to take every day, and ensures no gas, bloating or intestinal damage. Simply put, Go Easy® is a once-daily solution for improving regularity.

Key Features

- ✓ Test subjects experienced a significant increase in healthy bowel movements after Go Easy® supplementation, as well as a decrease in cholesterol levels.
- ✓ A patented micro-dispersion of natural, plant-based, non-GMO policosanols (plant wax extracts), Cranberol® and Verilla™ Perilla Seed Extract.
- ✓ Promotes regularity by offering mild lubrication to the bolus of food in the GI tract without the unpleasant side effects of traditional laxatives
- ✓ Go Easy™ is an easy-to-swallow, small softgel that can be taken once or twice daily.

- One small softgel per day to be taken before first meal
- Clinically tested
- Safe for every day use
- Made in the USA

Comparison Go Easy™ vs. Laxatives

	Gas	Bloating	Intestinal Damage	Every Day Use	Not Habit Forming
