

# Verilla™

Perilla Seed Oil

Valensa's Perilla Seed Oil Extract is made from select grade seeds of the Perilla Frutescens plant and manufactured using our proprietary Deep Extract® process. It provides high quality ALA (alpha linolenic acid), which is recognized by the Institute of Medicine as being an essential part of the human diet. With its highly desirable 6:1 Omega-3 to Omega-6 ratio (the highest naturally occurring seed-based ratio in ALA-rich botanicals), the ALA in this extract promotes down-regulation of inflammation, while providing enhanced cardiovascular health benefits.

## Key Features

- ✓ 6:1 Omega-3 to Omega-6 ratio (2x better than in Chia Oil and Flax Oil)
- ✓ Contains a substantial level (50-60%) Alpha Linolenic Acid (ALA)
- ✓ Better Taste than Chia or Flax Oil - No grassy taste!
- ✓ 2-Year Shelf Life, at room temperature
- ✓ Rich in Phenolic Antioxidant Compounds
- ✓ 100% Vegetarian

## Verilla™ Perilla Seed Oil - a Better Source of Omega-3s

- Valensa has patented Supercritical CO<sub>2</sub> technology for manufacturing Omega-3 Oils from Perilla seeds.
- Application patents for Cardiovascular and Joint Health
- Our unique CO<sub>2</sub> extraction and O<sub>2</sub>B® stabilization technology creates a premium botanical Omega-3 package.

## Health Focus

- General Health
- Cardiovascular Health
- Joint Health

## Applications

- Children's Gummies
- Nutrition Bars
- Softgels/Liquids/Capsules
