

PURITY: POINT OF DIFFERENCE
FOR MEN'S URINARY TRACT HEALTH

GOLD STANDARD SAW PALMETTO

- ✔ USPlus® Saw Palmetto has been studied and proven to be an effective 5-alpha-reductase inhibitor.
- ✔ USPlus® Saw Palmetto extract (US Patents 6,669,968 & 6,319,524) is derived from the berries of *Serenoa repens* palm, a plant native only to the Southeast region of the United States.

PRODUCT FEATURES

- ✔ Valensa's patented Deep Extract® Supercritical CO₂ technology results in the best quality product and the highest carotenoid levels.
- ✔ DNA verified by an independent agency, guaranteed unadulterated and 100% pure.

APPLICATIONS

- ✔ Softgels and liquid capsules
- ✔ Bulk powder, capsules and tablets

Valensa International is a leading manufacturer of saw palmetto extract. USPlus® is the highest purity, highest quality standardized saw palmetto extract on the market. *This is an all-natural process that does not use solvents.*

Independent assays have shown that USPlus® contains three times the beta-carotene, ten times the amount of lutein and 30 times the zeaxanthin of typical saw palmetto extracts. USPlus® saw palmetto extract exceeds the minimum requirements for U.S. Pharmacopeia standards in total fatty acids, total fatty alcohols and phytosterol levels.

Florida Saw Palmetto berries are sustainably harvested at the peak of ripeness. Valensa works closely with supply chain stakeholders to ensure a quality-driven product, from harvest to extraction.
