

PARRY ORGANIC Chlorella

PARRY ORGANIC CHLORELLA: Sun-Powered Nutrition

A wholesome food that supports nutrition, cellular health, detoxification, and anti-aging. It is a complete source of vegan protein (~60%) and a rich source of vitamin B12, often lacking in vegan diets. Additionally, Parry Organic Chlorella is a source of essential amino acids, fatty acids, bioavailable vitamins and minerals, antioxidant pigments, and a unique nucleotide-peptide complex CGF (Chlorella Growth Factor).

Available in tablets or powder.

Chlorella is also available in combination with Parry Organic Spirulina (Algae XP-3).

Why Parry Organic?

- ✓ Natural source of chlorophyll, vitamin B12, beta-carotene, and lutein
- ✓ Non-GMO and non-irradiated
- ✓ Prop 65 and EU 2015/1933 compliant
- ✓ Sustainable, clean cultivation in pristine area
- ✓ Highly stable & bioavailable product due to a thin cell wall structure that does not need harsh mechanical cracking
- ✓ Sun-powered nutrition: Potent product grown phototropically (with light), as opposed to fermentation inside dark tanks
