

## ANTIOXIDANT POWERHOUSE

PERFECT COMPLEMENT TO OMEGA-3

### FORMULATIONS

- ✔ **Joint Health:** Studies have shown that astaxanthin inhibits inflammatory biomarkers, including TNF- $\alpha$ , NF-kB, i-NOS, COX-2
- ✔ **Cardiovascular Health:** Supports blood lipids and cardiovascular function
- ✔ **Eye Health:** Benefits retinal function for improved longevity

### PRODUCT FEATURES

- ✔ Manufactured in Florida using Chilean grown microalgae from a remote, pristine environment.
- ✔ The best stability and shelf life (up to 4 years) due to a unique Peroxidation Blocker stabilization technology (O2B<sup>®</sup>).

### APPLICATIONS

- ✔ Product offered in oleoresin, beadlets or softgels.

## Zanthin<sup>®</sup>

Natural Astaxanthin

Zanthin<sup>®</sup> Natural Astaxanthin, a uniquely stable supplement with clinical proven benefits. Our astaxanthin begins with the microalgae *Haematococcus pluvialis*, which is grown in a remote, pristine Chilean environment. The microalgae is extracted at our organic certified facility in Eustis, Florida, using proprietary Deep Extract<sup>®</sup> supercritical CO<sub>2</sub>. Zanthin<sup>®</sup> Natural Astaxanthin is clean and free from solvent residues.

Zanthin<sup>®</sup> Natural Astaxanthin offers superior stability, using all-natural O2B<sup>®</sup> peroxidation blocker to prevent degradation of astaxanthin during storage, encapsulation and packaging. O2B<sup>®</sup> peroxidation blocker provides Zanthin<sup>®</sup> Natural Astaxanthin with an impressive four years of shelf life.

Zanthin<sup>®</sup> Natural Astaxanthin is the perfect complement to Omega-3 formulations for improved lipid profile, shelf life, and Omega-3 functionality.
