

USPlus[®]

Pure Lipidosterolic Extract

An Urgent Need

Men are looking to address Lower Urinary Tract Symptoms (LUTS) associated with Benign Prostatic Hyperplasia (BPH).

14M Men in the U.S. have LUTS associated with BPH¹

50% Of men 50-60 are affected by BPH, percentage increases with age²

\$5B Projected global BPH market by 2024

Symptoms include weak stream, urgency to urinate, increased night-time urination, and dribbling.

Natural Solution

Consider a lipidosterolic saw palmetto extract for improved prostate health and quality of life.*

Top Extract sold as herbal medicine and OTC in Europe for LUTS

40 Years of established safety and without sexual side effects*

58 Well-designed clinical studies supporting the efficacy of lipidosterolic saw palmetto extract for LUTS

Not all saw palmetto products are created equal. USPlus[®] is a U.S.-made, lipidosterolic saw palmetto extract that you can count on every time to deliver prostate health benefits.*

MADE IN USA

USPlus[®] – Saw Palmetto 2.0

First and only lipidosterolic extract verified by U.S. Pharmacopeia (USP) to deliver required fatty acids, phytosterols, and other phytonutrients for proven prostate health benefits.*

We take making our lipidosterolic saw palmetto extract seriously. It starts in nature, with Fresh from Florida[®] berries.

<p>1</p>	<p>2</p>	<p>3</p>
<p>We harvest the ripest berries</p> <p>Our GEMS Supply Chain Excellence Program ensures that we harvest quality, mature berries in a traceable, sustainable, and responsible manner to deliver the purest saw palmetto extract.</p>	<p>Deep Extract[®] Technology</p> <p>We use a state-of-the-art supercritical CO₂ manufacturing process to extract our lipidosterolic saw palmetto that is rich in required fatty acids, phytosterols, and phytonutrients.</p>	<p>Authenticity Guaranteed</p> <p>We deliver the first and only USP-Verified extract that is made in the USA for purity, potency, and quality you can count on.</p>

USPlus[®] Clinical Strength

Valensa's research efforts in understanding prostate health and lipidosterolic saw palmetto extract has revealed:

Dosage³

320 mg per day of quality lipidosterolic saw palmetto extract is clinically effective.*

Benefit⁴

Lipidosterolic saw palmetto extract has been shown to reduce urinary frequency and promote healthy urinary and prostate function.*

Product Form⁵

A quality lipidosterolic extract of saw palmetto is effective for lower urinary tract symptoms.* Dried berry powder supplements don't work.

Use USPlus[®] to improve quality of life for men with LUTS
