

# Innovation in Pet Wellness With Clinically-Proven Ingredients

Zanthin®  
Natural Astaxanthin

Joint, Muscle & Immune Health

- Formulations deliver **3x improvement** in joint health compared to glucosamine-chondroitin.
- Potent astaxanthin reduces inflammation & supports muscle health—effective at just 0.25 mg.
- Boosts mitochondrial function & reduces oxidative damage (Park et al., 2013).
- Antioxidant power heightens immune response & lowers DNA damage (Chew et al., 2011; Park et al., 2013).

PARRYORGANIC  
SPIRULINA

Immune & Digestive Health

- **15% more phycocyanin** than the global average – supports immune response & liver detox.
- Enhances gut health & supports microbiome.
- Supports shinier coat, less shedding, better digestion.
- Packed with carotenoids, chlorophyll, vitamins, & minerals.

## Why Partner with Valensa?

**Innovative Formulations:** Combine Zanthin® with omega-3s, collagen, or phospholipids for superior absorption. Pair with Parry Organic Spirulina for a full-spectrum wellness boost.

**Turnkey Solutions:** Non-exclusive, flexible options for dry food, supplements, & treats.

**Science-Backed:** Proven results in mobility, immunity, & detoxification.

(Chew et al., 2011; Park et al., 2013)
